### **Winemaking:**

**Fermentation:** Produced from carefully selected hand-picked grapes. After de-stemming and crushing, fermentation begins in a traditional manner with periodical pump-overs to ensure maximum extraction. Temperature is controlled at 24°C to guarantee the wine’s fruity character.

**Aging:** 30% of the wine is aged in French and American oak barrels and 70% in stainless steel tanks for 6 months which are then blended achieving great balance between the oak and the fruit.

### **Tasting notes:**

Intense ruby red color with a powerful nose that unleashes loads of red fruit full of plums and a characteristic spiciness. This richly structured Cab is full bodied with great balance and a multi-layered finish.
