## PRESS COMMENTS

"Quevedo's pink port shows a modest , but fresh - floral nose. On the palate, spicy , fresh , integrated notes. Round finish. Very Nice! 15/20."

From: "Weinwischer", July 2011

"The Portuguese have a refreshing solution for summery waiting for food: "Portonic " , a mixture of white port and tonic. Great thing - but even better : the new port in pink. Fruity, aromatic and simply brilliant in color. Serve it cold on ice - especially trendy: on crushed ice! "
