The sun is a vital component of every wine growing region: it is one of the reasons why each variety of grape expresses its unique character.

This is why the Tierra del Sol (Land of the Sun) project aims to identify the grapes that have best adapted to each region.

Winemaking:

Grapes are harvested by hand early in the morning during the beginning of March.

Fermented in stainless steel tanks with selected yeasts at temperatures ranging from 12°C to 14°C for a 20 day period to ensure extraction of varietal aromas.

Stabilized and gently filtered before bottling to keep all of the fruit.

Tasting notes:

Light yellow color with greenish tones. The prominent aromas of lime, grapefruit and gooseberry fruit blend harmoniously with floral notes. Its crisp, refreshing and long in the mouth.
